Christian Airoidi, Dog owner

Meeting convenes at 6:58 pm with an official quorum.

Follow up meeting with Christian Airoidi to see if he came through with the requirements set to him by the Board at the September 29th meeting.

Airoidi did indeed present proof that he obtained medication from Mill Valley Vets to aid in Gungnar's separation anxiety. He purchased the medication on October 5th so it is too early to tell if the medication works or not.

Airoidi also presented proof that both dogs, Ellie and Gungnar, were evaluated by Dr Follett of Mill Valley vets. Evidence was shown that Dr Follett recognized Gungnar's separation anxiety issues and found that Ellie's paw was healing properly. Both dogs were in good health.

Airoidi still has 20 days to make sure that Gungnar is neutered
Gungnar has been left alone in Airoidi's bedroom and there has been no issues this week with the dogs going RAL.

Janet Lipscomb has asked his neighbors to keep a watchful eye on his house to make sure that the dogs do not escape and to inform her if they do .

Miner asked Airoidi to leave the room

The Board unanimously agreed that he had come through with what the Board had asked him to do. Praised him for his efforts and encouraged him to keep Gagnar up with his meds and to keep the dogs contained. Reminded him that he must inform Ms Miner by email of proof of Gagnar's neutering.

Miner made a motion to have Jim Luippold be appointed secretary for the Board.

The Board was unanimous with this.

Respectfully submitted by Jim Luippold 10/6/15
