Discussion of Trail plans  
Conservation Restriction Lake Wallace

NESFI has requested support from BEDIC for the Division of Fisheries and Wildlife transferring the ownership from DCAM and they would manage a portion of the property. This is a conflict with our current trail plan as they do not typically allow trails. The Kestrel Trust has also expressed interest in the property. Jonathan is going to obtain more information about the plan.

Jonathan met with Mark Wamsley the Land conservation manager to discuss their interest in taking over the conservation restriction on Lake Wallace.

Bill Terry motioned at 7:42pm to move to Executive Session, seconded by Beth Maroney Roll Call vote:  
Bill-yes, Beth-yes, Rich-yes, Kirk-yes, Jonatha-yes

Respectfully Submitted
